SETSCO

Traditional access methods are evolving

SETSCO ROPE ACCESS SERVICES:

Faster, Safer, More Efficient

SETSCO

Why Choose Rope Access Method?

✅ Rapid Deployment – Start work within hours, not weeks

✅ Minimal Disruption – Reduced worksite congestion

✅ Cost Savings – Less equipment, lower downtime

✅ Proven Safety – Two rope system with Level 3 supervision

SETSCO

It’s now the access method of choice.

Construction | Built Environment | Oi & Gas | Power

Aligned to internationally recognised IRATA / SPRAT safety standards
